V. 书面表达 (20 分)

**One possible version:**

*Dear Jim,*

I'm happy to receive your e-mail asking about what we should do to save energy in daily life. Now let me tell you something about it.

To reduce energy consumption, I shop less and only buy things I really need. And, if possible, I choose goods with less packaging. At school, we make sure the lights and computers are switched off before we leave our classroom. What's more, I use things more than once before throwing them away. For example, I use both sides of a piece of paper when writing.

In my opinion, to save energy, everyone needs to do his part. Even small actions can make the world a better place.

Do you have any suggestions to save energy in daily life? I'm looking forward to your reply.

*Yours,*

*Li Hua*

W: What time is it? We're going to be late!

M: It's 7:10. We're on time. Don't panic.

W: But I thought we had to be at the restaurant by 7:30 for the surprise party. We'll never make it there with all this evening traffic.

M: Sure, we will. Rush hour is almost over. Anyway, the party starts at 8:00.

### Text 2

M: Hi, Helen! Where are you off to?

W: To the library. I've got a history exam next week and need to start studying.

M: You're so responsible. Oh, by the way, I'm beginning the college application process and still considering whether I should stay close to home or go to an out-of-state school. I need your advice.

W: How about Sunday? I will be free.

M: OK. Thank you.

### Text 3

M: I just bought a ticket to Shenzhen. I'm so excited to see the city!

W: Good for you! You will have a lot of fun.

M: I hope so.

W: Last year, I went there to visit my sister and had a good time. When are you leaving?

M: Next Friday. What is your plan for the holiday?

W: I want to go to the beach in Sanya. I really need to relax.

Text 4

M: Hi! My name is John Thompson. I'm from next-door!

W: Oh hi! Nice to meet you! I'm Betty.

M: Betty, would you like to come to our house-warming party this Saturday?

W: Sure, I'd love to! What time?

M: Around three in the afternoon.

W: Can I bring something? A salad maybe?

W: How was your day, Steph?

M: It was great.

W: What did you do at school today, dear?

M: Well, it was Earth Day, so we went outside and cleaned up the schoolyard. Then we wrote poems about how to be environmentally-friendly in class.

W: Did you do anything else?

M: Yep! We made posters with recycled things after class. It was fun. What about you? Did you do anything special?

W: Me? I took the bus to work. Then, at the office, we had an idea. We decided to start using more energy-efficient lights. On Monday, the building managers are going to change them all.

M: Sounds good. It's easy to put the idea into practice. I think we can also plant some flowers in our garden.

W: Let's do it now!

听下面一段对话，回答第 7 至第 8 小题。

M: Hey! That car just ran a red light and hit that truck!

W: Is anyone hurt?

M: I'm not sure... let's call 911. ... Hello? I'd like to report a car accident near the post office on Moon Street. It looks like a man is hurt. Yes, it just happened. OK, thanks. Bye.

W: What did they say?

M: They're going to send an ambulance and a police car right away.

W: Good. I hope the man is OK.

M: People should keep their eyes on the road while driving.

W: You're right. And I need to remember to slow down on my drive to work.

M: Yes. Safety first.

W: Yes, you're right. Let's see what we can do to help.

听下面一段对话，回答第 9 至第 10 小题。

Text 7

M: Hey, Mary. Do you want to go on the camping trip?

W: Uh... maybe. Where are you planning to go?

M: We are going to the National Park in the mountains.

W: Well, that sounds fun. What are you planning to do at the park?

M: On the first day, we are going to go orienteering.

W: What is that?

M: It is a sport where you find your way through a forest using only a map and compass. It is

really fun!

W: And what about the day after?

M: The day after we are going to play games during the day, and make a campfire and tell stories at night.

W: That sounds awesome! I am in! What would I need to take?

M: You would need a backpack and sleeping bag, some warm clothes and strong shoes.

W: Yeah. I think that would be OK.

M: Remember, if you want to enjoy yourself and have a good time, you need to respect and follow the camp trip leader's rules.

W: Got it.

#### Text 8

It's never too early to start thinking about your future. If you are ready to plan for a successful future, here are a few suggestions to help you:

First, set goals. Making and meeting goals inspires you to progress. An important aspect about setting goals is getting organized and assessing your interests. Ask yourself important questions such as "What do I enjoy doing?" "What am I good at?" or "Where do I see myself five to ten years from now?". Speak with a parent or a teacher, for example—guidance is very helpful. Do some research to see what it takes to reach that goal. Learn how to break it down into mini-goals.

Second, continue your education. The average teenager graduates from either high school or college. In order to be successful, education should be viewed as an investment for the

future. Moreover, a better education can lead to more work opportunities, so be sure to follow what fits your goals and interests.

Third, build strong relationships. Communicate with others openly and honestly. Good relationships rely on good communication, whether it's face-to-face, on the telephone or email. Develop your people skills. This means your ability to relate to others. Developing your own people skills will help you build successful relationships. Also, respect and appreciate others. If we feel appreciated, we're more likely to give positive feedback in return.

第三节到此结束。听力理解部分到此结束。
