Dear Pete,

Thank / Δ for your last letter. It was good to hear all your news. The big news from me is what Rebecca and I have decided to get married. We've only known each Δ for six months, but we've thought about it carefully and talk it through, so we're going into it with our eyes wide open. We're both thirty-five, so at the least nobody can tell us we're being young and silly, although, I must admit, I still stop several times a day and ask ourselves if we really are doing the right thing—but that's only natural, isn't that? Both her and my parents are very exciting. We're planning to get married in the summer—probably sometimes in July. I hope you'll be free to come. We're hoping to sell both our flats and buying a bigger apartment somewhere outside town. I'll ring you when we've fixed the date.

All the best,
Roger

82—91: Thank \rightarrow Thanks / Thank 后加 you; what \rightarrow that; each 后加 other; talk \rightarrow talked; 去掉 the; ourselves \rightarrow myself; that \rightarrow it; exciting \rightarrow excited; sometimes \rightarrow sometime; buying \rightarrow buy

94. Happiness.

95. Post office(s) / Postal service.

96. 16. 首先由题干可知, 1 个 \bullet 等于 5 个 \blacktriangle ; 接着, 由第一个天平可知 3 个 \bullet 等于 5 个 \blackstar , 通过换算便得知 1 个 \blackstar 等于 3 个 \blacktriangle , 故答案为 16。

How to Improve English Writing Ability

Keeping a diary in English, I think, is one of the most effective ways to improve one's English writing ability. Compared with other forms of writing, it's short and takes less time. It can help us form the habit of thinking in English. Step by step, we'll know how to express ourselves well in English.

I began to keep a diary in English when I was in Junior Grade One. In the beginning, I used short and

simple sentences to express myself. My English teacher praised me for this, which gave me much encouragement. And she always corrected the mistakes in my diary. So I showed greater interest in it and made great progress. Before long, with the help of my teacher, I could write a short passage. As time goes by, my writing ability has greatly improved.

In a word, I have really benefited a lot from keeping a diary in English!

W: Well, we're going to take the underground because it's a little expensive to take a taxi.
Q: How are they going to the cinema?

M: And the flight back gets in at 18:30 on the 11th?

III. Passages

(A) Please listen to the following passage. The passage is followed by five questions. Choose the best answer to each question according to the passage you hear. The passage and questions will be read twice.

W: I lived in London for many years, but I don't like to live in the city now. It's just too noisy, too dirty and there are too many people. So last November, I bought this house because I love the sea so much, and I can see it from the front bedroom window. The house is quite small really. And it isn't so beautiful. It only has one bedroom, so when my friends come to stay, they have to sleep in the living-room.

I also bought a car because there aren't any shops or other houses nearby, but I like that. People ask me if I get frightened when there's a bad storm. It's a bit frightening, but I usually phone my father. We talk for hours on the phone, so I forget about the storm and it's usually finished before we stop talking!

I'm an artist, and I love painting the sky and the sea, so this place is perfect for me, just perfect.

Qs: 16. When did the speaker buy this house?

17. Why does the speaker like this house very much?

18. How many bedrooms does this house have?

19. Who does the speaker phone when there's a bad storm?

20. What does the speaker love painting?

(B) Please listen to the following passage and fill in the blanks according to the passage you hear with one word for each blank. The passage will be read twice.

M: Well, everybody, I'm going to give you some tips on how to keep healthy.

Tip 1: Eat breakfast sitting down. Most people stay in bed until the last minute and then have a coffee and a piece of toast standing up. This is really bad for you, because it means that you start the day in a hurry. Your body and mind are already moving too fast. So do yourself a favor. Get up ten minutes earlier every day and have breakfast—nice and slowly.

Tip 2: Forget the gym, and do yoga instead. Many people go to the gym after work to do exercise because they think that this relaxes them, but it doesn't. It's also a very stressful place. So forget the gym and try doing yoga. Yoga will not only help you to get fit and relax, but it'll also slow your body down and help you to think more clearly.

Tip 3: Have a bath, not a shower. Having a shower is very quick and convenient but it's another part of our fast-living culture. When you come home from work, instead of having a shower, have a bath and spend half an hour there. A bath is one of the most relaxing things you can do and it'll really help to slow you down at the end of a hard day.
