Possible version 1:

On behalf of our class, I'd like to introduce our class logo to you. Specifically, it consists of three images: the sun, the sea and a sailing boat. The sailing boat is heading for its destination at full speed on the wavy sea with the sun rising above the horizon in the background.

The design is rich in meaning, which in turn mirrors the image of our class. As you can see, the whole class is forging

ahead to our goal and our bright future steadily and smoothly as the sailing boat indicates. However, there is more to it. The voyage to our destination may not always be smooth since the sea may get wavy and wind will be against us, but we will face the waves and the storm bravely and try our best to get the boat on its track and to its destination. As senior students, we will come across many challenges along the way to pursue our dreams, such as obstacles in study, or interpersonal relationships, but we will always face them and tackle them unwaveringly. That's exactly the spirit of our class and the spirit we hope each of us can carry with us during our lifetime. With the spirit, we also believe each one of us will be growing healthily and optimistically under the warm sunshine.

I am sure you will feel in person what the class logo symbolizes in this aspiring and unwavering family. Hope you enjoy your stay with us. Thank you!

Possible version 2:

Ladies and gentlemen,

Welcome to our class. What you are looking at is our class logo, which is made up of the sea, a sail and the sun. The sea is a symbol of our life, the sun is our hope and direction, while the sail can be compared to ourselves. The logo carries our hope that we will sail through the sea of our life smoothly. Of course, we understand that life won't be easy, therefore we hope we will always have the courage and strength to face whatever comes in our way.

Hope you enjoy your stay with us. Thank you!

听力文稿

第一节

W: What time is it now?

M: My watch says it's a quarter to five. But it is ten minutes fast. So it should be 4:35.

W: Thanks.

M: Have you heard about the new movie that is going to be on next month?

W: Yes, it is expected to be a big hit because of the special effect.

M: Oh, the action effect is also good, but what I like best is the story itself.

W: Hi, James, a full schedule today again, right?

M: Yes, exactly. I need to make preparations for a meeting, and then get some paperwork done.

What about you?

W: I have an interview in the afternoon.

M: There is a traffic accident at the crossroads.

W: Oh, is there any other road that is less crowded? I don't want to miss the plane!

M: I wish I could find one, but we can do nothing but wait. I'm very sorry.

W: I know the museum cafeteria isn't open yet, but these paintings of food look so real. They are making me hungry!

M: Me too. Let's go find a restaurant outside and come back later.

第二节到此结束。

W: It's Mom's birthday tomorrow. Where shall we go for dinner?

M: Hmm, how about the Light of Nepal?

W: But we always go there. Can't we try the new Thai restaurant on Oak Street? It's called the Green Room. People say the food is good and cheap there. Or we can go to the Texas Burger. It's awesome. There are 15 different types of burgers. And you can get amazing milkshakes.

M: But you know your mum doesn't like meat. So I think the Green Room is better. We've never tried it. It'll be a nice change for all of us. And your mom loves Thai Food. She'll be happy to go there. And another thing—it's within walking distance. We won't need to take a car or a taxi.

W: OK.

M: Life moves so fast now. When we were young, it was much more relaxing.

W: I know! People today are always driving around, talking on the phone, and sitting at their computers.

M: Back in the old days, we sat down and played cards or went fishing when we had extra time. We enjoyed the simple things in life.

W: Exactly! Now they play games on their computers with a person they can't even see.

M: No wonder people are so stressed out.

W: I know. These young people need to slow down and enjoy life.

M: They should go back to the old days, when children just played outside instead of taking music lessons and going to soccer practice all the time. I never even see my grandchildren!

W: Want to play a game of cards?

M: Sure. I have got all afternoon.

W: How was your first driving experience, Jackie?

M: Terrible.

W: Terrible? How come?

M: Well, my friend, Ron, who had promised to sit beside me, was sick, and I had Peter with me. He kept giving me instructions in his loud voice. It made me really nervous.

W: So what happened?

M: First of all, as I was backing out of the parking lot, I hit a tree. I just didn't see it. That made me so nervous and upset that I turned the wrong way down a one-way street.

W: Oh, no! Was anything coming the other way?

M: No, luckily there wasn't. But I almost ran over an old woman crossing the street. And then, when I got to the end of the street, a police officer was there and I got a ticket.

W: Poor you! You are the first person I know who got a ticket on their first drive.

M: Yeah, I know...

I'd like to tell you my trip to Tanglewood's festival. When I was in college, I won a music competition and the prize was a week at Tanglewood. It is one of the world's most famous music festivals. The summer musical season consists of about fifty concerts given over about nine weeks: from July 1st through the first week in September. The biggest stars on the music scene give performances here. The year I went I was lucky enough to see Bernstein conducting. I understand it is sometimes hard to get tickets but of course mine were a part of the prize. If you want to sit inside, the tickets are expensive. It's much cheaper to sit outside on the lawn. But it might rain, or some nights are really cool even in the summer. Either way the sound system is excellent. So it doesn't really matter where you sit. I'd love to be able to go

again. And I hope that all of you would be able to go too.

第三节

W: Hello, Miss Green's Online Store. What can I do for you?

M: Hello, I am calling to ask about a late delivery. Last Friday, I bought a pair of sneakers from your store, and your customer service said my shoes should arrive this Monday, but now it is Thursday, and I still haven't received my shoes. I just want to know what happened and when I can get my shoes.

W: Sincere apology to you! Could you please tell me your order number?

M: All right. 6229136857.

W: Ok, 6229136857. Hang on a moment. Let me check. Oh, I am terribly sorry that the delivery guy sent your shoes to a wrong place. We'll send out the sneakers first thing tomorrow. So, sir, just to confirm: are you Mark Smith?

M: Yeah, that's right.

W: And your address is 6 Riverside Street, New Jersey. Is that right?

M: Yeah, that's right too.

W: And you bought a pair of white sneakers of size 27, is that right?

M: Yeah, that's it.

W: Thank you for calling, sir, we are really sorry for the inconvenience caused. To make up, we will send you a little gift together with your shoes. Hope you will still come to our store in the future.

M: I will. Thank you.

W: Thank you, sir. Bye.

M: Bye.
