M: Right. Well, it's school holidays this week, so what's on offer?

W: The sports hall will open an hour earlier than usual at 8:00 am and shut later at 10:30 pm instead of nine. The indoor football ground is always popular and has to be booked in advance.

M: That's great.

Text 10

M:I started my own company, CyberEdit, when I was a freshman. Most students have to write essays, and I aimed to provide computer editing services for them. During one summer vacation, I worked for an Internet company and in the evening. I spent another four hours working on my website. It's not easy to develop a business. If you hope to be financially independent, you must do something while you are young and you can work long hours. For a long time, I was editing nearly ten documents a night. I spent fifty hours a week doing this. It was hard. Then I hired my first four employees, and I never edited a single document again. The next year, I turned down my summer job at a big investment bank and spent the vacation expanding CyberEdit. In December, Wired magazine contacted me and asked me to write an article about my life. After the article appeared in March, interested investors began to contact me. In June, one of them decided to invest a large sum of money in the company. So the Wired article brought me over a million dollars in funding! More than anything else, good publicity helps a new business attract investors and customers. Investors came to me, not because I was making money and employing fifty college students, but because they read about it in Wired magazine, and saw it on ABC World News Tonight. My advice to young people who consider starting a company is: Do it now! Don't delay starting it until you've finished school or had some "real-world experience".

That’s a true story!’*”(从那以后, Van Dyke 几乎总是被分配扮演好人, 尽管他声称自己错过了一个选择角色: “是的, 我本来可以演詹姆斯·邦德的。当肖恩·康纳利离开时, 制片人说: ‘你想成为下一个邦德吗?’ 我说, ‘你听到我的英国口音了吗?’ 这是一个真实的故事!”)”可知, Van Dyke 本有机会扮演詹姆斯·邦德的。故选 D。

第四部分

第一节

Among the various sports, I am especially fascinated by basketball. It is a team sport played with two teams, each consisting of five players. The primary objective is to score points by shooting the basketball through the opponent's hoop. The team that scores the most points wins the game.

The reasons why I am so passionate about it are as follows. Initially, the immense excitement it provides is what I can't resist. Secondly, as a physically demanding sport, it helps me stay fit and energetic when I play it regularly. Last but not least, playing it with my friends makes me realize the valuable life lesson about cooperation with others.

In short, basketball is so attractive a sport that I call on you to participate in it. It not only offers us physical benefits but also teaches us the importance of perseverance. You will never know what you will gain until you try!

第二节

After a year, she signed up for a training unit for firefighters. No sooner had she stepped into the training venue than she found all her classmates were 18—22 young kids. “Could I really make it?” Peterson thought to herself, struggling. At the very moment, she was once again thought of the firm and courageous eyes of the firefighters who came to rescue her over 50 years ago. She instantly rolled up her sleeves and began to learn both theoretical and practical knowledge as her much younger peers.

Finally came the written and physical fitness test day. For Peterson, she was at an advantageous situation for the theoretical part, as her past rescue experiences on ambulance ride-along made her a qualified rescuer already.

However, the 3-km running, push-ups, sit-ups, etc. all behaved as huge gaps awaiting her to conquer. Though she ranked the last among such items, her persistence, endurance as well as the passion for a childhood dream made her

name appear on the list of newly-announced firefighters. This time, tears blurred her eyes, as the dream born in the fire was eventually fulfilled.
